1.1 Background

The Advocates for Innovative Schools, Inc. d/b/a Robert Russa Moton Charter School (RRMCS) is a state-approved non-profit corporate entity located in New Orleans, Louisiana serving grades K-8 with an enrollment of 450 students.

Currently, RRMCS contracts with a single provider of student transportation services for approximately 200 students utilizing eight (8) school buses. RRMCS is seeking proposals from qualified Proposers interested in providing Student Transportation Services as described herein utilizing seven (7) buses and one (1) van for special needs students.

The successful proposer(s) shall provide full service student transportation services defined herein with ALL vehicles having been certified by the City of New Orleans - Ground Transportation Bureau (see City Code of Ordinances Section 62) and applicable state law— including, but not limited to maintenance, routing services, insurance, staffing, supervision, and management necessary to operate school buses as well as running a staffed dispatch operation. The primary obligation of the Proposer(s) is to operate its affairs so that RRMCS will be assured of continuous, reliable and professional service and such that RRMCS is not burdened with day to day operations.

RRMCS requires the Proposer(s) to have the staffing, resources, and expertise necessary to complete the service required as well as plan to deliver high quality, dependable transportation service. The proposer(s) is to have a management structure that will ensure high quality customer service, as well as a plan to maintain responsiveness and effective communication with RRMCS’s leadership and parents. The proposer(s) is expected to offer the requested services at a competitive price, and all necessary factors that contribute to the price must be included in the proposed price. Proposer(s) is to have a demonstrated track record of success in the industry, is to provide positive references, and is to have sound business practices that show fiscal responsibility.

The Proposer(s) is responsible for all day-to-day Student Transportation operations at RRMCS. The intent of this contract is for RRMCS to hold the Proposer(s) accountable for the reliable and efficient operation of a transportation system that services our students both efficiently and effectively. It is not the intent of this contract to specify required practices or procedures but to hold the Proposer(s) to a very high level of performance. The Proposer(s) shall be given the flexibility to develop, propose, and perform their own operation provided required performance and compliance standards relating to the reliability and safety of the service are met and the work is completed within the provisions set forth in this RFP.
While the Proposer(s) cost is of great importance, proposing the lowest price will not assure award of the service. RRMCS requests and requires comprehensive, reliable, efficient, professional service and high quality customer service. Failure to address the requirements or concerns about any matter will disqualify the Proposer from consideration.

1.2 Purpose
This Request for Proposals (RFP) is issued to invite vendors to submit information and price proposals. Issuance of this RFP in no way constitutes a commitment by RRMCS to select a vendor and/or award a contract. RRMCS reserves the right to accept or reject any or all proposals submitted.
